VOTERS ARE NOT SO SLOW

One Hundred and Fourteen Registered From the City Precincts Yesterday.

COUNTY IS NOT UP TO 1902

Deficit Outside City Is 225, While in Town Shortage Is 25 as Compared With Last Registration.

Yesterday the names of 114 city voters were added to the rolls. All day and between 7 and 9 at night the office of County Clerk Clinton was crowded with tardy voters, and the registration clerks were kept jumping to accommodate them. Precinct No. 7 made the best showing of the day, 31 voters of that section of the city having called to add their names to the roll of honor.

The total registration in the city at the close of business Tuesday night was 1245, while at the close of business last night it had jumped

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

county two years ago was only 2,292, which was less, of course, than the vote. The total registered in the city was 1384, so the present registration is now but 25 short of the total for 1902. In the country the 1902 registration was 908, and at present this year's registration shows a shortage of 225 in the outside precincts. It is certain the registration this year will greatly exceed that of 1902, although the showing thus far is not as good as was expected. The county must make some material returns if it is to come up to the total of two years ago. The population of most of the country precincts has increased during the past two years, and the present shortage in the registration is therefore surprising.

SETTLEMENT IS REACHED.

Suit of Heirs of Mrs. Charles Fair Drop Proceedings.

New York, May 11.—By consent of the plaintiffs, the action against Mrs. Theresa Alice Oelrichs and Mrs. Virginia Vanderbilt, brought by Hannah E. Nelson, mother of Mrs. Charles L. Fair, was dismissed here today in the state supreme court.

Final judgment was rendered in favor of the defendants.

In a statement issued after the judgment had been entered, the attorneys for Mrs. Nelson and her family made it known that settlement satisfactory to both sides had been effected.

The suit was the outgrowth of the death of Mr. and Mrs. Charles L. Fair, who were killed in an automobile accident in France in 1902. Mrs. Fair's relatives contending that Faid died first and Fair's relatives making an opposite contention. The estate is worth about \$7,000,000. Mrs. Oelrichs and Mrs. Vanderbilt were sisters of Charles L. Fair.

Troops Mobilized at Convenient Date Near Colorado Capital.

Denver, May 11.—An order was issued by Adjutant General Bell today calling the First regiment of the national guard into service for target practice, just west of this city. Headquarters, it is understood, will be established in this city.

While denying any purpose of gathering the regiment together at a point near Denver other than for practice shooting, General Bell admitted the soldiers would be on hand for a call in case they were needed to prevent fraud at the polls May 17, the date of the coming election.

HERRERA BEATS LONG.

Mexican Gets Decision After Fierce Fought Battle.

Butte, Mont., May 11.—Aurealia Herrera of Bakersfield, Cal., was tonight given the decision over Louis Long of Oakland, Cal., after 20 rounds of the fiercest fighting ever witnessed in this city. Several times it appeared a knockout was imminent, but each time the Oakland lad came gamely back at the Mexican, showing remarkable recuperative powers. While Long showed the cleverest foot work, he lacked the battery ability of the dark skinned fighter.
